

**CIAS Policy on Faculty Pursuing A Graduate Degree at RIT  
(RIT Policy Number E19)**

CIAS faculty members may pursue a graduate degree in CIAS at RIT only in a school other than that in which they hold an appointment. Faculty members must have approval from their Administrative Chair and the Dean before registering for a course that is in the school they are appointed to. In all cases, potentially compromising situations must be avoided.

**Responsible Office: CIAS Dean's Office**

**Effective Date: February 2014**

**Policy History:**
